

Who we are

CoHabitat is a network of community-led housing organizations and allies from across the world, who work together to secure housing rights through collective, non-speculative, people-led solutions.

Our mission is to make community-led housing more attainable and widespread.

The future is community-led!

What is community-led housing?

Community-led housing (CLH) is where people and communities play a leading role in addressing their own housing needs. Together they plan, finance, build and manage housing, as well as upgrade public spaces and facilities, building their communities from the bottom-up.

With the right financial and political support, community-led housing can provide permanently affordable, sustainable and inclusive spaces to meet the needs of local people.
