Office space reconversion, a solution for the future ?

- Over 250'000 square meters of empty office space in Geneva in 2019 (over 60 football fields)
- Hex.Ao experiment : transform an unused factory space into cheap, communal and ecological housing
 - Self building, adapted to the skills and needs of the cooperators

INTERNATIONAL SOCIAL HOUSING 2023 FESTIVAL

The eco neighbourhood "Les Vergers"

- Located in Meyrin, Swiss municipality from the canton of Geneva.
- **1,350** new housing units and public facilities spread over **30 buildings** in a **16-hectare area**, **3,000** residents and **10,000 m²** of commercial space.
- Three main pillars: **ecological responsibility**, **social solidarity** and **efficient economic** supported by the dynamic boost provided by **citizen participation**.
- The municipality of Meyrin owned **47% of the building rights** → the City has chosen to assign its building rights to seven housing cooperatives
- Participative process in which were involved cooperatives, private owners, residents and future residents
